

Scope of Work: MOP #16
Steps 1-8 - Construction of
Hoarding in the Basement, Corridor
238K

June 2 - 4
5AM - 3PM (Each Day)

*Flag people or traffic controllers
will be on site to direct traffic as
needed.

*Rerouting signage will be available.

*A temporary pedestrian path will redirect traffic
flow.

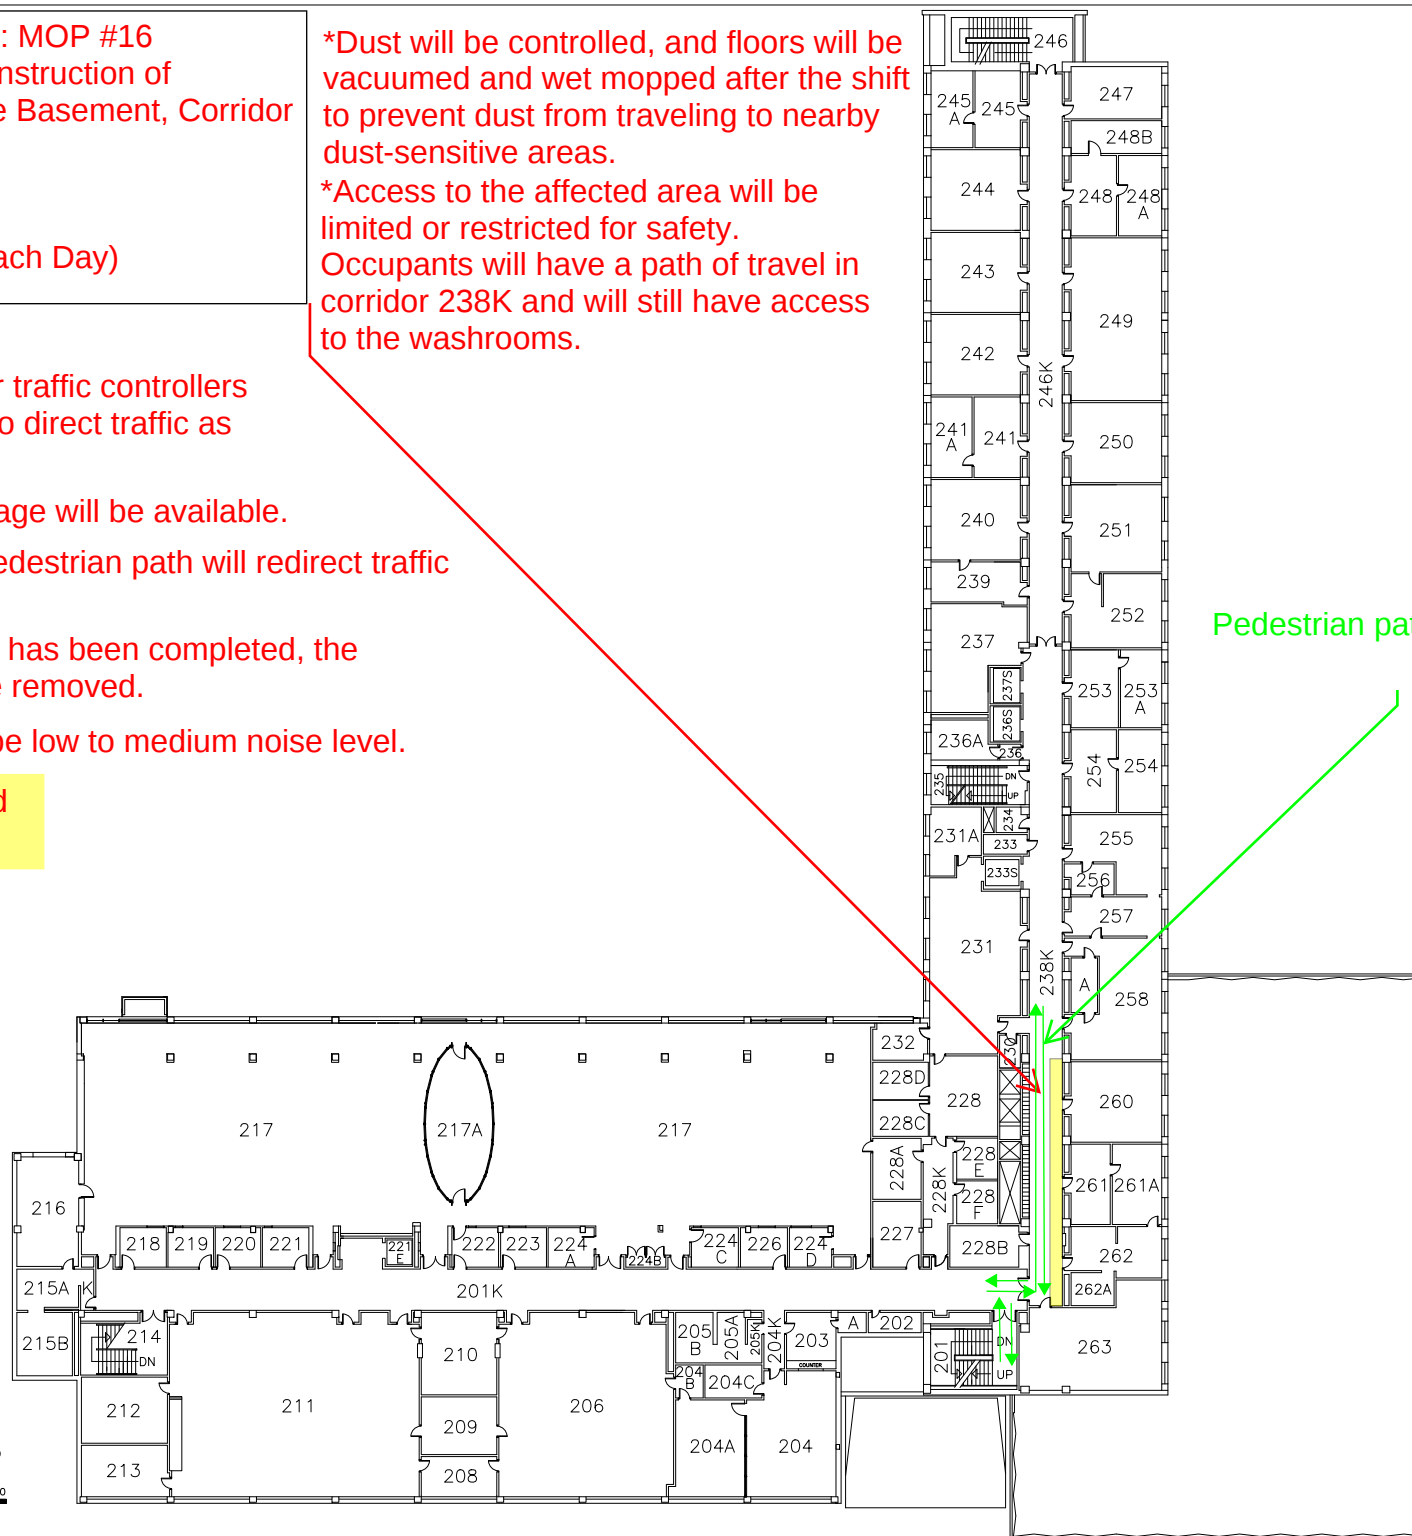

*Once the work has been completed, the
hoarding will be removed.

*This work will be low to medium noise level.

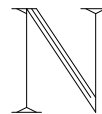

*Area impacted
(Hoarding)

*Dust will be controlled, and floors will be
vacuumed and wet mopped after the shift
to prevent dust from traveling to nearby
dust-sensitive areas.

*Access to the affected area will be
limited or restricted for safety.
Occupants will have a path of travel in
corridor 238K and will still have access
to the washrooms.
